provisions of Our Warrant dated 9th September, 1940
1939, relating to allowances for married officers.

OUR WILL AND PLEASURE IS that the amendments shown in the Schedule attached to this Our Warrant shall be made to the Schedule attached to Our Warrant dated 9th September, 1939.*

* Issued as Army Order 171 of 1939.

SCHEDULE

After para. 8 of the Schedule to Army Order 171 of 1939, insert new para :—

8A. *Retention of hired accommodation by certain officers after separation.*—A married officer who was, on 1st September, 1939, in receipt of the married rates of lodging, fuel and light allowances

and furniture allowance may, on his first becoming separated from his family after that date by reason of a change of station, continue, subject to the conditions stated below, to receive these allowances, instead of family lodging allowance, for a period not exceeding one year from the date of separation, if, and only for so long as, he certifies :—

A.O. 1
1940
continued

- (i) that he retains and pays for and does not sublet lodgings which he occupied with his family before his move :
- (ii) that the lodgings were hired and were not owned by him and/or a member of his family :
- (iii) that no claim under Allowance Regulations, 1938, paragraph 108, will be made in respect of the lodgings :

and, in addition, when he claims continuance of the allowances beyond 91 days from the date of his move :—

- (iv) that it has not been possible to obtain release from rent liability in respect of the lodgings or to sublet them at a rent not less than his outgoings in respect of them.

An officer claiming entitlement to allowances under this paragraph will render the certificates required by (i), (ii), (iii) and (iv) above under such arrangements as the G.O.C. may direct. Certificates under (i) and (iv) will be required to be rendered monthly in support of continuance of issue.

Any entitlement under this paragraph will be in lieu of, and not additional to, any entitlement which the officer might otherwise possess under paragraph 8 of these instructions. In any case, however, where there is no entitlement under this paragraph, any entitlement under paragraph 8 of these instructions will not be prejudiced thereby :

In a case where an officer became separated from his family before 2nd September, 1939, by reason of a change of station which was ordered in anticipation of mobilization, the G.O.C. may approve adjustment of allowances in accordance with this paragraph as if the date immediately preceding that on which the officer's change of station took place were substituted for 1st September, 1939.

A.O. 1
1940
continued

Where an officer retains his entitlement to a claim under Allowance Regulations, 1938, paragraph 108, family lodging allowance only will be admissible in respect of the family from the date of separation.

Where, however, the amount of such stoppage falls short of the payment due under the Court Order or under any agreement to accept a lesser sum, a special supplementary allowance may be issued at such rate as will bring the total payment up to the amount due, under the Order or agreement as the case may be provided that this does not exceed the sum which would have been payable as Family Allowance and qualifying allotment of pay if the conditions for that allowance had been fulfilled.

8. Para. 14. Sub-para. (b). Line 1.

Delete from "of" to "categories" and substitute "in which the dependant is resident or proceeds abroad."

The following modifications in the provisions of the Pay Warrant as regards the issue of additional pay to officers performing the duties of Adjutant or Second-in-Command have been approved as a temporary war measure:—

- (a) *Second-in-Command*.—In the units or formations specified in the Appendix, the major on the war establishment of the Head-quarter Company, Administrative Wing, etc., who is performing the duties of Second-in-Command, may draw *rs. od.* a day additional pay under the Pay Warrant, 1940, Article 319.
- (b) *Adjutant*.—In units and formations the war establishment of which includes an adjutant, the officer filling that appointment may draw additional pay under the Pay Warrant, 1940, Article 320, at the rate of *5s. od.* a day if in receipt of pay as a captain or subaltern, or (in the case of regular officers only) *2s. 6d.* a day if in receipt of pay as a major with less than 22 years' service. The adjutant of a reception unit or interviewing board will not be eligible for such additional pay.

- (i) When a married officer, on ordinary leave from and remaining on the strength of a command abroad, is entitled under (a) above to receive the married rates of lodging, fuel and light allowances, these allowances will be issued at the rates for his station abroad, if, and only for so long as, he certifies that he retains and pays for and does not sub-let the lodgings occupied by him with his family when he was at duty. When he does not so certify, the allowances, if otherwise admissible, will be at the home rates, except that for any period of leave the total of the lodging, fuel and light allowances issuable to the officer will not exceed the total of the lodging, fuel and light allowances for which he would be eligible if he were at duty.
- (ii) When a married officer who is 30 years of age or over is invalided home from a station abroad (*see* Allowance Regulations, 1938, para. 395 (c)) and passage home is provided also for his family on the recommendation of a medical board (*see* Allowance Regulations, 1938, para. 415 (e)), he will, on embarkation, cease to be entitled to the rates of lodging, fuel and light allowances for the station abroad and will, on disembarkation, become entitled to the home rates; unless he is admitted to hospital or given a grant covering accommodation, in which case family lodging allowance, and not the married rates of lodging, fuel and light allowances, is issuable in accordance with para. 8. Army Council's instructions to the above Warrant

The effect of the above Warrant is to provide for the release of an officer holding an emergency commission from his military duty, for reasons satisfactory to the Army Council, and when such a course is considered by them to be desirable and expedient. The officer on such release will be removed from full pay and relegated to an unemployed list, on which service will not reckon for purposes of pay or any other emoluments, promotion or any non-effective award.

It is not practicable to specify all the reasons which may merit consideration with a view to release. Release will as a rule only be approved:—

- (a) for reasons of a personal or compassionate nature, satisfactory to the Army Council; these may include reasons of illness, financial distress or matters seriously affecting the officer's civil occupation or profession.
- (b) in response to a request from a Government department approved by the Army Council for his services to be utilized on other work of vital national importance.

Release will not be considered where the grant of leave with or without pay is available and is considered adequate for the purpose.

Officers on the unemployed list will continue to be subject to military law and will hold themselves available to return immediately to military duty if and when so ordered.

They will not leave the United Kingdom without the permission of the Army Council, and will not wear uniform whilst on the unemployed list, except when otherwise specially authorized.

1. *General.*—It has been decided that the provisions of Army Order 61 of 1939, so far as they are at present operative, shall be applied to all stations abroad (excluding India and Burma) and to all British troops serving in such stations. Army Order 61 of 1939, paras. 1 and 13, should be regarded as modified accordingly with effect from the date of this Army Order.

A.O. 66
1940

Soldiers posted or re-posted overseas on or after 3rd September, 1939, who were already in receipt of additional pay at the rates laid down in Army Order 60 of 1939 will, however, remain entitled to those rates.

52/1
2. *Cooks for Unit Officers' and Serjeants' Messes.*—Personnel (other than tradesmen cooks) serving in units abroad (other than in India and Burma) who are employed as cooks within the authorized unit establishment of personnel for mess duties in officers' and serjeants' messes will, as from the date of this Army Order, be eligible for additional pay at the rates laid down in Army Order 61 of 1939, para. 12 (ii).

A.O. 66
1940
continued

3. *Establishment of Cooks.*—War establishments applicable to individual units etc. are being revised or amended to include cooks on the scale notified in Army Council Instruction 133 of 1940 and, pending the issue of such amendments, the existing authorized establishments of cooks will continue to apply.

The approximate total numbers and ranks of cooks set out in Army Order 61 of 1939, para. 11, will be superseded by the revised establishments.

4. *Courses of Training.*—As far as circumstances permit and subject to any further instructions which may be issued, courses of training with a view to classification of soldiers as tradesmen cooks will continue to be arranged at the Army School of Cookery, Aldershot. Soldiers serving abroad will not be sent home specially for the purpose of attending such courses of instruction, but will be eligible for the grant of additional pay, as in the case of similar non-tradesmen cooks employed in units in home commands.

ROYAL WARRANT

**Personnel who are Prisoners of War with the
Enemy or are reported Missing. Instructions
for the issue of Pay and Allowances**

GEORGE R.I.

WHEREAS We deem it expedient to make A.O. 71
1940
provision for the issue of pay and allowances in
the case of officers or soldiers who are reported
missing or captured by the enemy during the
present war;

OUR WILL AND PLEASURE IS that the provisions
of the Schedule to this Our Warrant shall govern
the issue of pay and allowances to officers or
soldiers reported missing or prisoners in the hands
of the enemy and to their families or other
dependants;

OUR FURTHER WILL AND PLEASURE IS that the
provisions in the Schedule to this Our Warrant
may be varied by Our Army Council from time to
time as they may think fit.

Given at Our Court at St. James's
this 13th day of May, 1940, in the 4th
year of Our Reign.

By His Majesty's Command.

ANTHONY EDEN.

SCHEDULE

A.O. 71 1. *Definition of Pay.*1940
continued

Pay authorized for issue under this Army Order will include pay for paid acting rank, corps, engineer and signal pay, proficiency pay and long service and good conduct pay if already in issue, and tradesmen's rates of pay in issue at the time of capture, but additions to pay which are dependent on the performance of specific duties, e.g., additional pay, command pay and staff pay, will cease with effect from the day following the date on which the officer or soldier is captured or becomes missing.

48
General
74572. *Officers who are Prisoners of War.*

(a) The pay of officers made prisoners of war by the enemy will continue to be credited to their accounts, subject to adjustment in respect of the pay they receive from the enemy while in captivity. Pending further notification, provisional deductions will be made at the rates to be notified by the Army Council from time to time.

(b) Allowances in respect of the families of officers who become prisoners of war will be admissible subject to the conditions of Army Order 171 of 1939, while pay is admissible under (a) above, on the basis that the officer is separated from his family by the exigencies of the service. The fact that an officer is a prisoner of war will not prejudice any entitlement to continue to draw the married rates of lodging, fuel and light and furniture allowances instead of family lodging allowance under the conditions of paragraphs 8 and 8A of the Schedule to Army Order 171 of 1939. If an officer was, immediately before becoming a prisoner of war, not separated from his family by the exigencies of the service and married quarters were allotted, his family will be at liberty to vacate them and receive family lodging allowance.

(c) In any case where the family of a married officer was resident abroad with him at the time he was captured, the difference (if any) between married and single rates of colonial allowance will

be continued until the date of the earliest opportunity for the family to embark for home, provided that the family does not cease to satisfy the conditions laid down in Allowance Regulations for the issue of married rates of colonial allowance. A.O. 71
1940
continued

(d) No other allowances will be admissible beyond the day preceding the date of capture.

(e) *Pay and allowances admissible as provided above will be credited to the officers concerned and not to their families. It is, therefore, important that officers should safeguard the interests of their families by making adequate arrangements to ensure that their families may receive money in the event of their becoming prisoners of war.*

The best method of securing this is for officers to give the necessary standing authority to their bankers. Where an officer normally has his pay and/or allowances remitted directly to him by the paymaster, he should instruct the paymaster in writing as regards payment of sums which may become due in the event of his becoming a prisoner of war.

3. *Soldiers who are Prisoners of War.*

(a) *Pay.*—Pay will continue unless it is forfeited under the Pay Warrant, 1940, Article 948.

(b) *Allotments of Pay.*—Allotments of pay will continue to be issued unless and until it shall have been proved before the court of inquiry referred to in Field Service Regulations, Vol. I, 1939, Section 28, that such soldier was taken prisoner through neglect or misconduct on his own part. The decision on the report of the court of inquiry will be communicated without delay to the officer i/c records, who will inform the paymaster paying the soldier's unit. Where, as a result of the court of enquiry, pay is forfeited under Pay Warrant, 1940, Article 948, the paymaster will stop the issue of allotment (whether qualifying or voluntary) at the end of the week in which the notification of the decision reaches the paymaster. Similarly, where a soldier asks for the issue of an allotment other than a qualifying allotment to be stopped, issue will cease at the end of the week in which the soldier's request reaches the paymaster.

A.O. 71 (c) Family allowance or dependants' allowance
1940 already in issue will be continued, unless and until
continued the allotment ceases to be issuable under (b) above
 or unless, for other reasons, entitlement to the
 allowance ceases.

(d) In any case where the family of a married soldier was resident abroad with him at the time he was captured, the difference (if any) between married and single rates of colonial allowance will be continued, provided that family allowance continues to be issuable, until the date of the earliest opportunity for the family to embark for home.

(e) No other allowances will be admissible beyond the date of capture.

Missing Officers.

4. Admissibility of allowances, other than married allowances and colonial allowance as in para. 6 below, in respect of all missing officers will cease with effect from the day following the date when they became missing.

Officers eligible for married rates of allowances.

5. *Pay.*—Pay will continue to be credited to an officer's account for four weeks from the date on which his relatives are first notified that he is missing.

6. Provided that the officer's or his family's qualification to receive allowances at married rates does not for any reason cease earlier, allowances will be issuable as follows:—

- (a) The allowances issuable in respect of the officer's family will, for the period for which pay is issuable, be the same as those which are ordinarily issuable (*see* Army Order 171 of 1939) when an officer is separated from his family owing to the exigencies of the service. If the family is in occupation of quarters, it may vacate them and family lodging allowance will become issuable. Any allowances so admissible will be credited to the officer's account. Any other allowances will cease

to be admissible, except as provided at **A.O. 71**
 (d) (i) below in the case of colonial **1940**
 allowance. *continued*

- (b) When pay ceases, a temporary allowance or allowances will become issuable at the rates, subject to the conditions and for the period specified in para. 9 of the Schedule to Army Order 171 of 1939. Such allowance or allowances will be payable to the person who would be entitled, under Army Order 171 of 1939, to receive them if the officer were deceased.
- (c) At the end of the period for which allowances are issuable under (b) above, if the circumstances of the case are then such that, in the event of death, pension would become payable, an allowance, not exceeding the amount of the pension and/or other award that would normally be payable in conjunction therewith, may be issued to the person who would be eligible for the pension and for such period and subject to such conditions as may be determined in the individual case. If the officer is not subsequently found to be alive, this allowance may, where necessary, be continued beyond the date on which the officer's death is established or presumed, until such time as an award of pension is substituted.
- (d) (i) Where, in the case of an officer who is reported missing, his family is residing at a station abroad and local rates of allowances are already in issue in respect of the family, such allowances will remain in issue pending an opportunity for the family to leave the command; except that issue of colonial allowance (if such is issuable in the command) will be restricted to the difference between the married and single rates. If the married rates of lodging allowance and fuel and light allowance are already in issue, these allowances and furniture allowance will be regarded, for this purpose, as allowances in respect of the family, as also will furniture allowance which was issuable if married quarters were

A.O. 71
1940
continued

allotted. The issue of pay will cease at the end of the period of four weeks referred to in para. 5 above, but the allowances in issue will then be supplemented by a weekly allowance equal to two days' pay, calculated in the same way as in the case of the supplementary allowance referred to in para. 9 of the Schedule to Army Order 171 of 1939. Allowances so issuable will be in substitution for any allowances which would otherwise be admissible under sub-paras. (a), (b) and (c) above. During the period for which full pay is admissible, they will be credited to the officer's account; after this period, they will be paid to the person to whom allowances under sub-para. (b) above would be payable.

- (ii) Allowances authorized under (i) above will in no case continue to be admissible after an opportunity occurs for the family to leave the command abroad.
- (iii) If the family leaves the station by passage provided at public expense, the supplementary allowance at a weekly rate equal to two days' pay (but no other allowance) will be continued for the period of the voyage. After termination of the voyage, subsequent issues of allowances will be at the rates and subject to the conditions which would then apply if, for the period from the date the officer's relatives were informed that he was missing, allowances under the conditions of sub-paras. (a) and/or (b) above had been continuously in issue; subject, however, to the condition that the period of issue of any allowances admissible under (i) above, together with the period of the voyage, will be reckoned in diminution of any periods of entitlement under sub-paras. (a) and/or (b) above, and further issues under sub-paras. (a) and/or (b) above will be made only for such periods of entitlement as are not thereby exhausted.
- (iv) If the family remains in the command abroad after occurrence of an opportunity

for it to leave the command, allowances from the date of occurrence of the opportunity will be regulated by reference to the conditions which are applicable, under (iii) above, to a family which has terminated a voyage at public expense.

A.O. 71
1940
continued

- (v) If the family leaves the command abroad otherwise than by passage provided at public expense, allowances from the date of its leaving the command abroad will be regulated by reference to the conditions applicable, under (iii) above, to a family which has terminated a voyage at public expense.

Single Officers.

7. Except as stated below, pay and allowances will cease from the day following the date on which the officer became missing.

If, however, there is a relative who is dependent on the officer and within the class of relatives qualifying, in the case of soldiers, for the continuance of voluntary allotments under para. 11 (b) (ii) below, pay may be credited for a period of four weeks from the date on which the relatives are first notified that the officer is missing. If, at the end of this period of four weeks, the relatives have not been informed that the officer's death has been established or presumed, and the circumstances of the case are such that, in the event of death, pension would become payable, an allowance not exceeding the amount of such pension may be issued to the dependant, for such period and subject to such conditions as may be determined in the individual case. This allowance may, where necessary, be continued beyond the date on which the officer's death is established or presumed until such time as an award of pension is substituted.

In the event of an officer being restored to full pay on his being found to be living, the amount of the allowance issued as above will be treated as an advance on account of his pay and allowances and only the balance of pay and allowances will become due to him.

A.O. 71 *Death of a missing officer.*

1940
continued 8. Where an officer who has been reported missing is subsequently found or presumed to have died on the first day on which he was missing, pay or allowances will be issued under this Army Order up to the date his relatives are notified of his death or presumed death and will then cease. Subsequent issues of allowances will be governed by para. 9 of the Schedule to Army Order 171 of 1939, subject to the condition that any allowance which has been issued under para. 6 (b) above and/or any allowance issued in substitution therefor under para. 6 (d) above will be regarded as having been issued under para. 9 of the Schedule to Army Order 171 of 1939. Further issues under para. 9 of the Schedule will, therefore, be restricted to such portion (if any) of the 91 days' entitlement as has not been exhausted by issues already made under para. 6 (b) above and/or issues under para. 6 (d) above in substitution therefor.

9. Where an officer who has been reported missing is subsequently found to have been alive after the date he was reported missing, his account will be adjusted accordingly. If he is found or presumed to have died at some date after the date on which he was first missing, pay and allowances will be dealt with as under para. 8 above from the date on which he died or is presumed to have died, the period of further issues, after the date of death or presumed death, under para. 9 of the Schedule to Army Order 171 of 1939 being restricted as provided in para. 8. Any allowances which have been issued in respect of a period while the officer was alive or presumed to have been alive, under para. 6 (b), (c) and (d) above, will be regarded as advances on account of his pay and allowances, and will be recovered accordingly from the amounts which fall to be credited to his account.

Missing officers found to be still alive.

10. Where an officer who has been reported missing is subsequently found to be still alive and becomes entitled to pay for the period during which he was missing, his account will be adjusted accordingly. Any allowances which have been issued under para. 6 (b), (c) or (d) above will then

be regarded as advances on account of the officer's pay and allowances, and will be recovered accordingly from the amounts which fall to be credited to his account in consequence of this adjustment. A.O. 71
1940
continued

11. Soldiers who are reported missing.

(a) Married soldiers, including widowers and divorced soldiers eligible for family allowance.

- (i) Pay, including allotments, and family allowance will continue for four weeks after the end of the allowance pay week in which the soldier's relatives are first notified that he is missing. Thereafter, family allowance and allotment at the appropriate qualifying rate will continue for a period of 13 weeks.
- (ii) If, on the termination of the 13 weeks period, the relatives have not been informed that the soldier's death has been established or presumed, and the circumstances of the case are such that, in the event of death, pension and/or other award would become payable, a further allowance, not exceeding the amount of the pension and/or other award that would normally be payable in conjunction therewith, may be issued to the person who would be eligible for such award, and for such period and subject to such conditions as may be determined in the individual case. This allowance may, where necessary, be continued beyond the date on which the soldier's death is established or presumed, until such time as an award of pension and/or other award is substituted.
- (iii) If the family of a missing soldier is recognized for allowance purposes as living abroad and is necessarily detained there, the allowances in issue in respect of the family, including colonial allowance (difference between married and single rates) and ration allowances, will be continued for the period of necessary detention, but full pay will cease at the end of four weeks and will be replaced by an allowance equal to the qualifying rate of allotment. When the family embark for home, the issue of all allowances will cease but the allotment

A.O. 71
1940
continued

will continue. From the date of arrival in the United Kingdom, if this is within the period of 13 weeks from the termination of the four weeks period, the family will be dealt with under (i) above for the unexpired portion of the 13 weeks, and thereafter may be paid an allowance under (ii) above. If the date of arrival in the United Kingdom is after the end of 13 weeks from the termination of the four weeks period, the family may be paid an allowance under (ii) above, with effect from the date of arrival in the United Kingdom.

(b) Single soldiers with dependants.

- (i) If dependants' allowance is in issue, pay and dependants' allowance will continue for four weeks after the end of the allowance pay week in which the relatives are first notified that the soldier is missing. Thereafter, dependants' allowance will continue for 13 weeks.
- (ii) If a dependants' allowance is not in issue but an allotment is in issue which would, in the case of death, have been continuable for 13 weeks, pay, including allotment, will continue for four weeks after the end of the allowance pay week in which the soldier's relatives are first notified that he is missing. Thereafter, an allowance equal to the allotment rate, but not exceeding the qualifying allotment appropriate to the soldier's rate of pay, will continue for 13 weeks.
- (iii) If the allotment would not, in the case of death, have been continuable beyond four weeks, an allowance equal to the allotment but not exceeding the qualifying allotment appropriate to the soldier's rate of pay, will continue for four weeks after the end of the allowance pay week in which the relatives are first notified that the soldier is missing.
- (iv) If, on the termination of the 13 weeks period under (i) or (ii) above, the relatives have not been informed that the soldier's death has been established or presumed, and the circumstances of the case are such

that, in the event of death, pension would become payable, a further allowance not exceeding the amount of such pension may be issued to the dependant for such period and subject to such conditions as may be determined in the individual case. This allowance may, where necessary, be continued beyond the date on which death is established or presumed until such time as an award of pension is substituted.

A.O. 71
1940
continued

(c) *Married soldiers and single soldiers with dependants.*—The continued issue of pay and allowances under (a) or (b) above will be subject to the family's general entitlement to allowances not ceasing for any reason. No other allowances will be admissible beyond the date when the soldier became missing.

(d) *Other soldiers with no dependants.*—Pay and allowances will cease from the day following the date when the soldier became missing.

(e) *Death of a missing soldier.*—Where a soldier who has been reported missing is subsequently found or presumed to have died on the first day on which he was missing, and his family is in receipt of payment other than at pension rates, under the authority of this Army Order, such payment will continue up to the end of the allowance pay week in which the soldier's relatives are notified that he is dead. Thereafter, the family will be granted the allowance, if any, for which it would have been eligible if the soldier had been reported dead instead of having been reported missing. Where a member of the family is eligible for a pension and 13 weeks from the date of death have either already elapsed at the date on which he is reported dead, or elapse before an award of pension can be made, an allowance at pension rates may be issued until such time as an award of pension is substituted.

(f) Where a soldier who has been reported missing is subsequently found to have been alive after the date he was reported missing, his account will be adjusted accordingly. If he is found or presumed to have died at some date after the date on which he was first missing, his family will be dealt with as under sub-para. (e) above from the date he died or is presumed to have died.

A.O. 71 (g) *Missing soldiers found to be alive.*—Where a
1940 soldier who has been reported missing is sub-
continued sequently found to be alive (except as provided
 in sub-para. (f) above) and becomes entitled to
 pay for the period during which he was missing,
 his account will be adjusted accordingly. Any
 allowances which have been paid to his family
 under the authority of this Army Order will then
 be regarded as advances and will be recovered
 accordingly from any amounts to which the family
 becomes entitled consequent on the fact that he is
 known to be alive.

12. Where allowances are payable under this
 Army Order at rates not exceeding the amount of
 pension and/or other award that would normally
 be payable in conjunction therewith, the amount
 of such allowances, and the conditions under which
 they may be issued, will be notified in every case
 by the War Office.

13. The provisions of this Army Order do not
 apply to personnel serving on the Indian or Burma
 Establishments.

3A. (a) Subject to the exceptions stated at (c) below, an officer's classification, for the purpose of determining the rate of issue of family lodging allowance or the married rates of lodging and fuel and light allowances, will be determined by the class appropriate to his substantive, war substantive, or paid temporary rank (whichever is the highest), and not by reference to the appointment which he holds; provided that he shall not draw the allowances of a rank higher than that for which he receives pay.

(b) With effect from 1st September, 1939, grant of acting rank under the Pay Warrant, 1940, Article 178, will not confer entitlement to the rate of family lodging allowance or to the married rates of lodging and fuel and light allowances of the acting rank.

(c) The conditions at (a) and (b) above will be subject to the following modifications and exceptions:—

- (i) In the case of officers holding the following appointments, the rate of family lodging allowance or the married rates of lodging and fuel and light allowances issuable will be determined by the classification of the appointment held:—

An officer who is in receipt of full pay under the Pay Warrant, 1940, Article 218, while unemployed will, however, when he is entitled to allowances, receive them at the rates appropriate to the rank for which pay is issuable; on his subsequent re-employment, the rate issuable will be determined by the rules at (a) and (b) above, without reference to the rate which was admissible when he was previously employed.

3. The classification of an officer for this purpose will be determined by the rules generally applicable in the case of allowances at married rates. The grant of acting rank (paid or unpaid) will therefore not confer entitlement to the rate of allowance of the rank. Issue of the special allowance under these instructions will continue only for such time as an officer's family is detained in India owing to non-availability of a public passage or their unfitness to embark on medical grounds; after which any allowance admissible in respect of the family will be issued at the rate and subject to the conditions applicable in the case of an officer whose family is not in India. The allowance is not issuable during any period in which an officer's wife and/or any child is provided with passage at the public expense.

4. The allowance will be in lieu of all other allowances in respect of the family; lodging, furniture, fuel and light allowances or family lodging allowance will therefore not be admissible in respect of families of officers to whom it is issuable. Families left in quarters in India will be liable for the cost of fuel and light in the quarters.

5. In the case of a married officer under 30 years of age who leaves his family in India in the circumstances stated above, the normal rate of family lodging allowance as laid down in para. 3 (ii) of the Schedule to Army Order 171 of 1939, and not any special rate, will be issued, if otherwise admissible.

Army Orders,—July, 1940

A.O. 118 6. The instructions in paras. 1 to 5 above are
1940 applicable with retrospective effect to cases
continued where officers have been ordered out of India on service during the war. They are applicable also to certain officers who left India before the war, and in whose cases special rates of allowance in lieu of the normal rates of family lodging allowance have already been approved by the Army Council. No allowance is, however, issuable before 11th September, 1939, in respect of the family of an officer under 30 years of age.

7. The instructions in paras. 1 to 6 above apply only in the case of an officer, who, as a result of his move, receives British rates of pay.

Army Council's instructions

1. With reference to para. 6 of the above Schedule, War Office letter P/11435/10 (Q.2), dated 24th March, 1940, approved the issue of special rates of allowance to certain officers who left India before the war. It should be noted that this Warrant authorizes an increase in the rates stated in that letter and provides also for officers above class 6. The instructions in this Warrant supersede those in that letter.

2. Where an officer has been allowed to remain on Indian rates of pay, allowances (including those in respect of his family) will continue to be governed by Indian regulations in all respects, and will be issued by the Indian authorities, while Indian rates of pay are in issue. In such a case, A.F. O 1856 should be suitably endorsed so as to obviate the possibility of incorrect issues of allowances.

3. Where an officer to whom British rates of pay have been issued is subsequently placed on Indian rates with retrospective effect, care must be taken to secure suitable adjustment of any issues of allowances which may already have been made on the basis of entitlement to British rates of pay and allowances.

OUR FURTHER WILL AND PLEASURE IS that officers employed under the conditions of Our aforesaid Royal Warrant, Article 496, of the substantive or war substantive rank of colonel and upwards shall, on being replaced during the present war in their command or staff appointments appropriate to their substantive or war substantive rank, by reason of medical unfitness, draw the pay of their substantive or war substantive ranks, or pay of the ranks if lower which determined the rate of pay issuable when they held their command or staff appointments, for the periods laid down in and under the conditions of Our aforesaid Royal Warrant, Article 430, in the case of medical unfitness attributable to military service, and under the conditions of Our aforesaid Royal Warrant, Article 508, in the case of medical unfitness not attributable to military service;

OUR FURTHER WILL AND PLEASURE IS that officers of the rank of Major-General and above drawing pay at a rate not lower than that for major-general who, on account of medical unfitness, have been replaced in their appointments and become eligible for pay under this Warrant shall be ineligible for allowances if their unfitness is not attributable to military service.

LASTLY OUR WILL AND PLEASURE IS that the provisions of this Warrant shall apply only when there is reasonable prospect that the officers concerned will subsequently return to military duty.

Given at Our Court at St. James's
this 25th day of July, 1940, in the
4th year of Our Reign.

ANTHONY EDEN.

Army Council's instructions to the above Warrant

1940

continued

1. Combatant officers of the substantive or war substantive rank of colonel and above, whether on the active list of the regular army or employed under the Pay Warrant, 1940, Article 496, may continue to draw the pay to which they were entitled before ceasing to perform military duty on account of medical unfitness under the conditions of the Pay Warrant, 1940, Articles 404 and 408, or until replaced in their appointments, if that occurs before their entitlement under the above Article is exhausted. On replacement in their appointments or expiry of the period of sick leave permissible under those Articles, the conditions of the above Royal Warrant will apply. The rates of pay applicable are those laid down in the Pay Warrant, 1940, Article 219. The period reckonable for the purposes of the Pay Warrant, 1940, Article 430, will include the period of absence from duty on account of medical unfitness before replacement.

2. Officers employed under the Pay Warrant, 1940, Article 496 (b), who are eligible to draw 25 per cent. in addition to pay, are eligible to continue to draw this 25 per cent. addition while in receipt of pay under this Warrant. If a rate of pay equivalent to service retired pay plus 25 per cent. is being drawn under the Pay Warrant, 1940, Article 496 (g), this rate will continue to be drawn during the period laid down in this Warrant.

3. Staff officers of all ranks employed under the conditions of the Pay Warrant, 1940, Article 496, and drawing the pay of ranks lower than their substantive or war substantive rank will be eligible, after replacement in their appointments, for pay appropriate to the rank in which they have been employed without staff pay addition for the periods laid down in the Pay Warrant, 1940, Articles 430 or 508, as the case may be. An officer of the rank of brigadier or higher employed in a brigadier's appointment will revert to colonel's pay under this rule.

4. Staff officers below the substantive or war substantive rank of colonel, whether on the active list of the Regular Army or employed under the conditions in the Pay Warrant, 1940, Article 496, other than those covered by para. 3 of these Army Council's instructions will be entitled to draw the pay of their appointments during absence from duty on account of medical unfitness for the periods laid down in the Pay Warrant, 1940, Articles 404 and 408 or until replaced, whichever is the earlier. On replacement in their appointments or expiry of the period of sick leave permissible under those Articles, such officers will revert to the regimental pay of their substantive or war substantive ranks without staff pay addition and the period during which they can remain on full pay will be governed by the Pay Warrant, 1940, Article 430 or 508, as the case may be.

By Command of the Army Council,

SPECIAL ARMY ORDER

THE WAR OFFICE,
3rd July, 1940

Maintenance of clothing and necessities : washing and haircutting.

34
General
8603

1. It has been decided that clothing allowance **A.O. 107**
and kit allowance, which have hitherto been issuable **1940**
to soldiers at stations other than the Special Areas
referred to in Army Order 179 of 1939, shall cease
to be issuable at those stations after 31st May, 1940.

On and after 1st June, 1940, the following
rules for maintenance of clothing and necessities,
which have already been applied in certain Special
Areas as laid down in Army Order 179 of 1939, will
accordingly be applied generally throughout the
Army.

2. Clothing and necessities, other than articles
mentioned in para. 5 (c) below, will be replaced free
when necessary within the authorized scales, except
that, in the case of articles which have been lost,
made away with or rendered unserviceable through
neglect or carelessness, the value, assessed regi-
mentally on the lines of Clothing Regulations, 1936,
para. 341, will be charged against the soldier.

3. Repairs to clothing and boots which are
occasioned by fair wear and tear will be carried out
at the public expense.

A.O. 107
1940

4. The cost of washing underclothing, etc., will also be borne by the public except in the case of native African personnel of the R.A. and R.E., Sierra Leone and non-European personnel at Aden, Hong Kong and Malaya. The number of articles to be washed at the public expense will be limited to six a week, three handkerchiefs counting as one article.

5. A special allowance at the rate of $5\frac{1}{2}d.$ a week will be credited, at the beginning of each account period, to the accounts of all soldiers, except native African personnel of the R.A. and R.E., Sierra Leone and non-European personnel at Aden, Hong Kong and Malaya, to cover the cost of the following services:—

- (a) Haircutting.
- (b) Purchase of toilet articles and cleaning materials.
- (c) The maintenance of the cleaning and toilet brushes (including cleaning brass, hair comb and razor) included in the kit of necessities.

The allowance will not be admissible in respect of periods of imprisonment, absence without leave or desertion. It will, however, be issuable during detention and while in hospital. The grant of $1d.$ a day under Clothing Regulations, 1936, para. 146, will no longer be admissible.

For incomplete weeks, the allowance will be issuable at the following rates:—

1 day $1d.$	4 days $3d.$
2 days $1\frac{1}{2}d.$	5 days $4d.$
3 days $2\frac{1}{2}d.$	6 days $4\frac{1}{2}d.$

6. Articles of clothing and necessities replaced, other than those referred to in para. 5 (c) above, will be withdrawn from the soldier and taken into store. They will be brought before a board of survey periodically. In exceptional circumstances, where the assembly of a board of survey is impracticable, Clothing Regulations, 1936, para. 103, will be observed.

7. Replacement issues will be recorded on A.F. A.O. 107
H 1179A. 1940

8. The provisions of this Army Order will not apply to civilian employees for whom clothing has been authorized under Clothing Regulations, 1936, Chapter XIII, to be maintained either from a clothing allowance or from an annual grant. Such employees will continue to be dealt with under the instructions already in force.

9. Army Orders 179 of 1939 and 37 of 1940 are hereby *cancelled*.

SCHEDULE

Disablement Allowances to Local Defence Volunteers

DISABLEMENT ALLOWANCE DURING TOTAL INCAPACITY

1. A Local Defence Volunteer who is disabled by a wound, injury or disease attributable to his volunteer service may be granted during periods of total incapacity a disablement allowance at the following rates, subject to the conditions set out below. The allowance shall not normally be admissible in respect of any period more than six months after the date on which the wound or injury was sustained, or on which the volunteer was first incapacitated by the disease, but may in exceptional circumstances be granted for periods after the expiry of the six months. The allowance shall cease on the discharge of the volunteer from the Local Defence Volunteer Force.

2. The normal rate of disablement allowance shall be—

Basic rate 35s. a week.

With additions as follows :

For a wife 8s. 4d. a week.

For the first child 6s. 3d. „

For each other child 5s. a week.

or, if no addition is payable for a wife—

For the first child 8s. 4d. a week.

For the second child 6s. 3d. „

For each other child 5s. a week.

For any period during which the volunteer is in receipt of free hospital treatment as an in-patient a deduction of 10s. 6d. a week shall be made from the disablement allowance otherwise admissible.

In calculating the amount of the allowance for periods of less than a week, a daily rate will be taken of one-seventh of the admissible weekly rate, and the amount due for the period assessed to the nearest penny.

3. An addition as above shall be admissible in respect of a wife provided she is living with her

husband (or, if separated from him, is substantially dependent on him) and was married to him before the date on which the wound or injury was sustained or on which he was first incapacitated by the disease. An addition at the rate provided for a wife may also in special circumstances be made in respect of an unmarried dependant living as a wife.

A.O. 111
1940
continued

4. Additions for children may be made in respect of :

- (a) The volunteer's legitimate and legitimated children.
- (b) Children who were legally adopted by him before the date on which the wound or injury was sustained or on which he was first incapacitated by the disease.
- (c) His step-children and illegitimate children who are being regularly maintained by him, in whole or in part. An addition shall not be admissible in respect of a step-child unless the mother's marriage to the volunteer took place before the date on which the wound or injury was sustained or on which he was first incapacitated by the disease.

5. Additions in respect of children shall not be payable for children who have attained the age of 16 years, except in the case of a child who—

- (a) is an apprentice or in an analogous position receiving not more than nominal wages, or is being educated at a university, technical or secondary school, or
- (b) is incapable of self support by reason of infirmity, the infirmity having arisen before the child reached the age of 16 years, and has not yet attained the age of 21 years.

DISABLEMENT ALLOWANCE DURING PARTIAL INCAPACITY

6. A Local Defence Volunteer who is incapacitated by a wound, injury or disease attributable to his volunteer service, but who is not discharged from the Local Defence Volunteer Force, may be granted, in respect of any period for which an award under the foregoing paragraphs is inadmissible, disablement allowance at the rates and subject to the

A.O. 111 conditions laid down for disability awards to
1940 soldiers of the rank of private in Our Warrant dated
continued 29th June, 1940*, for the Retired Pay and Pensions
 of members of the Military Forces disabled, etc., in
 consequence of the present war.

GENERAL

7. Disablement allowance may be withheld, or issued at a reduced rate only, if the circumstances are considered to be such as not to justify the full normal grant. A claim to disablement allowance may be disallowed if not preferred within a reasonable period following the beginning of the incapacity.

Disablement allowance shall be held liable to be stopped to meet any public claim there may be against the volunteer concerned. In special circumstances and at the discretion of Our Army Council, disablement allowance may be paid in whole or in part to a person other than the volunteer for his benefit or that of his family.

8. The grant of a disablement allowance will not confer any entitlement to a disability pension or other award in the event of disablement continuing after discharge from the Local Defence Volunteer Force, or in the event of death. The grant of any such further award shall be at the discretion of the Minister of Pensions and subject to the appropriate regulations.

9. The decision of Our Army Council on any matter affecting the admissibility, rate or issue of disablement allowance shall be final.

Army Council's instructions to the above Warrant.

1. A Local Defence Volunteer who sustains a wound or injury in the course of his duties will at once report the matter through his section commander to his battalion commander, whether or not he is incapacitated as a result. Failure to report may lead to difficulties in the event of a subsequent claim to disablement allowance, pension, or other award.

2. The battalion commander will thereupon arrange for the completion of a statement setting out clearly:—

- (a) the date and place of the occurrence,
- (b) the nature of the wound or injury,
- (c) the exact circumstances in which it was sustained,
- (d) whether the volunteer was on duty at the time and if so the nature of the duty he was performing,
- (e) whether there was any contributory negligence or misconduct on the part of the volunteer,
- (f) whether the volunteer's account of the occurrence is corroborated, and if so, by whom.

* This refers to a Royal Warrant received from the Ministry of Pensions.

The battalion commander should make enquiry into any matters in doubt, and add any necessary remarks to the statement which he will then certify. **A.O. 111**
1940

The completed statement will be attached to the volunteer's enrolment form. *continued*

3. A volunteer who desires to claim disablement allowance in respect of total incapacity due to a wound or injury (for applications in respect of disease or partial incapacity *see* paras. 7 and 11 below), will submit an application through his section commander in the form laid down in Appx. A (A.F. O 1699)*, accompanied by a medical certificate showing the nature of his disability, whether he is thereby totally incapacitated, and if so, the date of commencement and probable duration of his total incapacity and whether he has been, or probably will be, admitted to hospital as an in-patient. If the volunteer is unable himself to submit his application it may be made by some other responsible person on his behalf. The claim, together with the statement referred to in para. 2 above, will be forwarded by the battalion commander direct to the area headquarters. If the volunteer is totally incapacitated and the disablement clearly arose from an injury sustained in the performance of the volunteer's duty, and directly due to the performance of such duty, and does not come within any of the exceptions noted below, the area commander will authorize the appropriate regimental paymaster (as shown in Appx. B) to issue disablement allowance, forwarding to him the volunteer's application and the accompanying medical certificate. The regimental paymaster will assess and issue disablement allowance at the rate appropriate under the Schedule to this Warrant for the period of total incapacity, payment being made at weekly or other convenient intervals in arrear. Such payments should be charged to Army Funds, Vote 14 B.

4. No payment should be made in respect of any period which is not covered by a medical certificate showing the volunteer as likely to be totally incapacitated from a cause which is clearly attributable to the wound or injury in question. Medical certificates (other than the initial certificate) will be obtained by the regimental paymaster direct from the volunteer on the expiration of the period of total incapacity certified in the previous certificate or after every four weeks, whichever period is the shorter. No payment should be made in respect of a wife until the marriage certificate of the volunteer has been examined, or in respect of a child unless the birth certificate or other sufficient evidence establishing the relationship has been produced. The regimental paymaster should obtain from the volunteer any documents necessary in substantiation of his claim, verification from certificates, etc., of particulars given on the volunteer's application form being noted on that form. If verification of all or any of the particulars necessary is not immediately available the disablement allowance should be put into payment at the highest rate proved to be admissible, and adjustment to any higher rate made subsequently. The volunteer should be warned of the necessity of reporting any changes affecting the issue of the disablement allowance, such as admission to or discharge from hospital and the cessation of total incapacity.

If the incapacity continues, or is likely to continue, longer than three months, and the volunteer is not an in-patient in hospital, the position should be reported by the regimental paymaster to the area commander, disablement allowance being meanwhile continued while admissible. The area commander will then arrange for the volunteer to be examined by an army medical officer, and the case reported to the War Office where it will be reviewed in the light of the medical officer's report.

5. Where an addition is claimed in respect of a child who has attained 16 years of age the volunteer should be required to obtain a certificate from the school, etc., at which the child is attending, or from the employer in the case of apprenticeship or, in the case of an

A.O. 111
1940
continued

incapacitated child, a medical certificate showing the nature of the incapacity and the age at which the incapacity began. Payment should not be made unless it is clear that the relevant conditions are satisfied.

6. If any of the following circumstances apply, disablement allowance will not be issued without the prior sanction of the War Office, and the claim will be referred to the War Office by the area commander:—

- (a) If there is any doubt as to whether the injury arose directly from the performance of duty or, as to whether the disablement is in fact due to the injury and not to some other cause.
- (b) If negligence or misconduct on the part of the volunteer is considered to have contributed to the wound or injury.
- (c) If the disablement did not begin until one month or more after the receipt of the wound or injury, or if the claim is not preferred within a month of the beginning of total incapacity.

If in any other circumstances there is doubt as to the admissibility or rate of an allowance or addition the matter should be referred to the War Office by the area commander or regimental paymaster concerned.

7. If a volunteer claims disablement allowance in respect of total incapacity due to a disease which he alleges to be attributable to volunteer service his application in the form of Appx. A (A.F. O 1699), together with a medical certificate showing the nature, date of beginning and probable duration of his disablement, and whether he is an in-patient in hospital, will be forwarded to the War Office by the battalion commander accompanied by a statement on the lines laid down in para. 2 above, giving in addition particulars of the weather and other conditions at the relevant time and his opinion on the claim. Disablement allowance in such cases will not be put into payment without the prior authority of the War Office; should disablement allowance be authorized, issue will be subject to the general conditions of these instructions.

8. Under the National Health Insurance, etc. (Emergency Provisions) Act, 1939, National Health Insurance benefit is not payable for any period, within 26 weeks of the injury (or, in the case of disease, within 26 weeks of first removal from duty) during which disablement allowance is drawn. If National Health Insurance benefit has, in fact, been drawn for any period for which disablement allowance is granted, the benefit will be due to be refunded by the volunteer to the Approved Society concerned, and if he does not make such refund when he begins to draw disablement allowance, it may be necessary to effect the refund by deduction from subsequent issues of the allowance.

If the volunteer states on his application form that he is an insured person, the regimental paymaster will, when making the first payment of disablement allowance, call his attention to the above conditions.

9. On the cessation of disablement allowance, the regimental paymaster will return to the battalion commander the volunteer's application, together with any medical certificates submitted and a statement showing the rate and period of the disablement allowance issued, and these will be attached to the volunteer's enrolment form.

10. Should a volunteer cease to be in receipt of disablement allowance and submit a further claim in respect of the original disability within one month of the cessation on the ground that he is again totally disabled his further claim may be dealt with in the normal way. Further claims made at a later stage should be referred to the War Office.

11. If a volunteer claims disablement allowance in respect of partial disablement full particulars will be submitted by the battalion commander to the War Office for consideration.

12. Disablement allowance is not issuable for any period after the discharge of the volunteer from the Local Defence Volunteer Force. If a volunteer who would otherwise be discharged is in receipt of or eligible for, disablement allowance for total incapacity, his discharge will be deferred until the termination of the period for which such disablement allowance is admissible.

13. If at the termination of five months from the date of the wound or injury or of first incapacity by the disease, the volunteer is still totally incapacitated and it appears that he will continue to be so incapacitated for more than a further month, the battalion commander will consider whether he should be discharged. If it is decided that he shall be discharged, the discharge will be post-dated to six months after the date of the wound or injury or of first incapacity by the disease, and the regimental paymaster will be informed of the intended date of discharge, and asked to return the volunteer's application form and medical certificates, together with a statement giving particulars of the disablement allowance issued or to be issued up to the date of discharge. On the receipt of these documents the case will be referred for the consideration of the Ministry of Pensions as directed in para. 17 below. It is important that reference should be made as soon as possible after the termination of five months, in order that there may be sufficient time for the Ministry to consider the case before disablement allowance expires. Payment of disablement allowance may meanwhile be continued up to the date of discharge.

If it is not proposed to discharge the volunteer the circumstances should be reported to the War Office for consideration for a further award, disablement allowance being continued, pending further instructions, up to, but not beyond, the end of the six months' period.

14. If it is proposed to discharge for any reason other than his joining the Army, Navy or Air Force a volunteer in receipt of a partial disablement allowance, the discharge should be deferred for a month and action should be taken as indicated in para. 13, the documents being referred to the Ministry of Pensions in order that a further award may be considered by that department.

15. If a volunteer (other than a volunteer discharged under para. 13 or 14 above), on or after discharge desires to claim a disability award in respect of disablement by an injury or disease which he attributes to his volunteer duties, he should be advised to apply to the local Regional Office of the Ministry of Pensions, the address of which may be obtained at any post office.

The widow or other dependant of a deceased volunteer who claims an award on the ground that the death of the volunteer was attributable to his service will be advised similarly. The relevant documents should be forwarded to the Ministry of Pensions direct on the receipt of an application from that department.

If no statement of the circumstances under para. 2 or 7 above is in existence the battalion commander will arrange for such a statement to be prepared as soon as he is aware that a claim is intended.

16. Correspondence relating to the admissibility, etc., of disablement allowance will be conducted by the area commander, battalion commander or regimental paymaster concerned, direct with The Under-Secretary of State, The War Office, (F.3.m.), London, S.W.1. In addition to the matters noted above as requiring reference to the War Office, applications for awards not expressly covered by this Army Council's instruction will also be submitted. Submissions should be accompanied by all relevant documents.

17. The documents forwarded automatically to the Ministry of Pensions under para. 13 or 14, or at the request of the Ministry where the volunteer has applied to that department, should include the enrolment form of the volunteer, the statement of the circumstances in which the wound or injury was sustained or the disease contracted, the application form, if any, completed by the volunteer in claiming disablement allowance, any medical certificates furnished in support of the claim to disablement allowance, and a statement showing what payments of disablement allowance have been made or will be made and for what period. If the documents are forwarded under para. 13 or 14 it should be stated that they are forwarded in order that automatic consideration may be given to an award on the cessation of disablement allowance on discharge. These documents should be addressed to

The Secretary,
Ministry of Pensions,
Rossall,
Fleetwood,
Lancs.,
and not to any Regional Office of the Ministry.

A.O. 111**1940***continued***18. Medical attendance and hospital treatment****Whilst in receipt of disablement allowance a Local Defence Volunteer may receive—**

- (a) Unless he is entitled to free medical attendance under the National Health Insurance Acts, medical attendance from army sources, or, where attendance is not available from a R.A.M.C. officer or a civilian medical practitioner engaged for attendance on the troops, from any other civilian medical practitioner, who may claim for such attendance as for attendance on a soldier at the rates laid down in A.F. O 1667.
- (b) Hospital treatment in a military hospital or a civil hospital under the Emergency Hospitals Scheme of the Ministry of Health.

Medical attendance or hospital treatment at the expense of army funds will only be admissible where the disability for which such treatment is necessary is a disability attributable to military service.

ROYAL WARRANT

Option to Elect Post-1925 Rates of Pay for Soldiers Enlisted before 26th October, 1925

GEORGE R.I.

30
General
9644

WHEREAS provision was made for the introduction of war time proficiency pay by Our Warrants dated 20th September, 1939*, and 27th November, 1939†, and whereas the election granted under the fourth paragraph of Our Warrant dated 9th March, 1938‡ to soldiers enlisted before 26th October, 1925, to be paid under the scale applicable to soldiers enlisted on or after 26th October, 1925, may not have been brought to the notice of such soldiers who were then serving in Our Royal Army Reserve, Our Supplementary Reserve or Our Territorial Army; A.O. 113
1940

AND WHEREAS WE deem it expedient to renew the opportunity of election granted under Our Warrant of 9th March, 1938‡;

OUR WILL AND PLEASURE IS that, where the rate of pay, proficiency pay, and long service and good conduct pay applicable under the scale laid down for soldiers enlisted on or after 26th October, 1925, is more beneficial than the rate of pay and proficiency pay applicable under the scale for soldiers enlisted before that date, a soldier in receipt of the latter scale may elect to be paid under the more beneficial

A.O. 113 scale, provided that such election must be made
 1940 within three months of the date of the promulgation
continued of this Our Warrant; and that such election once
 made shall be final, and shall take effect as from
 3rd March, 1940.

* Army Order 175 of 1939.

† Army Order 229 of 1939.

‡ Army Order 39 of 1938.

Army Council's instructions

1. Soldiers who have served continuously from a date before 26th October, 1925, on normal Army, Supplementary Reserve or Territorial Army engagements and are in receipt of pay on the pre-1925 scale of pay are not eligible to be considered for the grant of war time proficiency pay introduced under the provisions of Army Orders 175 and 229 of 1939. The intention of this Royal Warrant is to provide a renewed option to such soldiers to come on to the post-1925 scale of pay in any case where, owing to the introduction of war time proficiency pay, this scale is more favourable than their existing scale.

2. In view of the conditions governing the pay, etc., applicable to personnel of the Supplementary Reserve and Territorial Army in peace, the option to come on to the post-1925 scale of pay provided for in the fourth sub-paragraph of the Royal Warrant published as Army Order 39 of 1938 may not have been exercised by such personnel. In the case of Royal army reservists serving as such on 9th March, 1938, the fact of the option may not have been brought to their notice.

3. It has been decided, therefore, that any mobilized reservists (including Supplementary Reservists) or embodied Territorial Army soldiers at present in receipt of the pre-1925 scale of pay, who consider that the post-1925 scale of pay (including war time proficiency pay, special proficiency pay and long service and good conduct pay) is more beneficial to them, may also be allowed to elect to come on to the latter scale of pay.

4. In any case where a soldier elects to come on to the post-1925 scale of pay under the provisions of this Army Order, he cannot be allowed, at any stage in his Army career, to revert to the pre-1925 scale of pay.

5. Soldiers who elect to come on to post-1925 rates of pay will be required to sign a certificate as follows:— **A.O. 113**

1940

continued

"I wish, with effect from 3rd March, 1940, to come on to post-1925 rates of pay. I understand that, when I have done so, I shall not subsequently, at any stage in my Army service, be allowed to revert to pre-1925 rates of pay, and I agree that the conditions applicable to increments of pay, proficiency pay, etc., under the post-1925 code shall apply to me."

6. The effective date for the change in the emoluments of soldiers electing to be paid at post-1925 rates of pay will be 3rd March, 1940, and any initial assessments of war proficiency pay, special proficiency pay, or long service and good conduct pay for which a soldier electing the post-1925 scale of pay may be otherwise eligible on 3rd March, 1940, may, in the event of an election by a soldier to come on the post-1925 scale of pay, be antedated by the officer commanding the unit concerned to that date.

7. The option under this Army Order to change from pre-1925 to post-1925 rates of pay will remain open only until three months from the date of the promulgation of this Army Order in the Command.

GEORGE R.I.

⁴⁸

7333

WHEREAS We deem it expedient to make further ^{A.O. 147}
provision with regard to the conditions under which ¹⁹⁴⁰
officers of Our Army shall be employed in command,
staff and certain other extra-regimental appoint-
ments in time of war ;

OUR WILL AND PLEASURE IS that, for the period
of the present war and until We see fit to provide
otherwise, the instructions contained in the Schedule
attached to this Our Warrant shall be operative ;

OUR FURTHER WILL AND PLEASURE IS that the
instructions in the Schedule attached to this Our
Warrant shall over-ride the provisions of the
Warrant for the Pay, Appointment, Promotion and
Non-Effective Pay of Our Army dated 29th
February, 1940, where they are at variance with
such provisions.

Given at Our Court at St. James's, this
24th day of August, 1940, in the 4th
year of Our Reign.

By His Majesty's Command,

ANTHONY EDEN.

SCHEDULE

A.O. 147 1. Any higher acting or temporary rank granted
1940 under the Pay Warrant, 1940, Articles **178** and **181**,
continued to officers appointed to command, staff and other
extra-regimental appointments, shall be as laid down
by Army Council's instructions from time to time.

2. Where an officer employed under the conditions of the Pay Warrant, 1940, Article **496**, is appointed to a command, staff or other extra-regimental appointment for which the appropriate rank as laid down by Army Council's instructions is lower than his substantive or war substantive rank, he will receive the pay of the rank appropriate to the appointment together with the appropriate staff supplement and will be required to relinquish any rank he held higher than that appropriate to the appointment whilst so employed but, in such a case, the acceptance of the appointment will be voluntary on the officer's part. The Army Council may, however, if the exigencies of the service so demand, order an officer who is not above the substantive or war substantive rank of lieutenant-colonel to take up an appointment for which the appropriate rank is one below his own substantive or war substantive rank, in which case the officer may retain, and draw the pay of his substantive or war substantive rank without additional, command, corps, engineer, signal, staff, qualification or technical pay where such a course is more favourable to him.

3. Officers already employed at the date of promulgation of this Warrant whose ranks or rates of pay are higher than those admissible under this Warrant will retain such ranks and rates of pay so long as they continue to hold the same appointments.

Army Council's instructions

1. With reference to para. 1 of the above schedule, the acting or temporary ranks appropriate to the various command, staff and other extra-regimental appointments are as laid down in the pamphlet entitled "Conditions Governing the Commissioning and Promotion of Army Officers in War Time" notified in Army Council Instructions for the week ending 30th August, 1939, and subsequent amendments to the terms of that pamphlet.

2. The rank appropriate to an appointment for purposes of para. 2 of the above schedule will be the rank which may be given to holders of the appointment on an acting or temporary basis under the above-mentioned pamphlet (and subsequent amendments thereto), with the exception that a substantive colonel employed in an appointment which carries the acting or temporary rank of lieutenant-colonel may receive colonel's pay.

3. Officers who are eligible for the 25 per cent. addition to pay under the Pay Warrant, 1940, Article 496 (b), will have this addition calculated upon the rate of pay actually drawn. Where the total pay calculated on this basis is less than service retired pay plus 25 per cent. officers will retain the option of drawing service retired pay plus 25 per cent. under the Pay Warrant, 1940, Article 496 (g).

THE WAR OFFICE,

Mustering and Pay of Army Tradesmen in War

A.O. 137
1940

30
General
9447

1. The following revised instructions regarding the mustering of army tradesmen, their eligibility for tradesmen's rates of pay, and disposal on transfer between arms in war, will apply during the period of the present war, and will be regarded as coming into effect from the date of this Army Order. The provisions of Regulations governing the issue of Tradesmen's Rates of Pay, 1939, Sections I to VI, will be regarded as modified accordingly for the duration of the war, but, except where so amended, those Regulations will continue to apply. Special provisions governing tradesmen of the Territorial Army in time of peace do not apply in war, and all army tradesmen are governed by the rules as laid down for the Regular Army in war.

2. Tradesmen will be mustered and appointed to trade vacancies on a corps basis to fill authorized vacancies in war establishments, except in the case of infantry units when the mustering and appointment will be made on a regimental basis.

Vacancies for tradesmen in war establishments, other than those earmarked for future entries from the army classes (*see* para. 5), will be filled by qualified men awaiting mustering, or, if such men are not immediately available, by qualified men as soon as such men become available.

3. Musterings to trade vacancies will be controlled by the officer i/c records of the corps or infantry regiment concerned, and the establishment of tradesmen will be notified to such officers by the War Office.

4. A recruit will not be enlisted for service as a tradesman unless there is a vacancy for his trade in the establishment of the corps or, in the case of infantry, the regiment into which it is proposed to enlist him. A recruit enlisted as a tradesman in

A.O. 137

1940

continued

these circumstances will, if qualified, be eligible for tradesmen's rates of pay from the date of enlistment, subject to the provisions of the Pay Warrant, 1940, Article 842.

5. Men deemed to be enlisted under the provisions of the National Service (Armed Forces) Act, 1939, who are required for service as tradesmen and who are posted by the Ministry of Labour as tradesmen on Form N.S. 23 will be mustered as Class III tradesmen in the relevant army trade with effect from the date on which they are deemed to have been enlisted under the Act. This procedure for mustering will not apply in the case of men classified by the Ministry of Labour as cooks; this personnel will be dealt with as laid down in Army Council Instruction 782 of 1940.

Men mustered as army tradesmen in accordance with this paragraph are liable to be tested by the O.C. after joining for service, and, if their qualifications are found to be below the standard prescribed for the class in which they are rated, or if they fail to show diligence in their duties, they will be dealt with as laid down in Regulations governing the issue of Tradesmen's Rates of Pay, 1939, paras. 25 to 28.

Tradesmen dealt with in accordance with the instructions contained in this paragraph will, if qualified, be re-classified to a higher class, subject to the provisions of the Pay Warrant, 1940, Article 842.

6. Men mustered as tradesmen at the date of this Army Order, or subsequently mustered, will continue to be eligible for tradesmen's rates of pay if they are absent from or struck off the strength of their unit on account of sickness or injury. Such men will, however, continue to count against the establishment of tradesmen, laid down for their corps or regiment, as notified to officers i/c records in accordance with para. 3 above.

7. Personnel mustered as tradesmen will not, as a general rule, be compulsorily transferred to another corps except to fill a vacancy in their trade in the trade establishment of the corps to which they are so transferred. (See Army Council Instruction 216 of 1940.)

Should it become necessary in the interests of the service, however, to transfer a tradesmen to an arm etc., in which either

- (a) his trade does not exist, or
- (b) the establishment of his trade is full,

he will be permitted to retain the rate of pay which he was receiving at the time of transfer until he is mustered into a vacancy in his trade, or until a date six months from the date of transfer, whichever is the earlier. During this period, every endeavour should be made to give the man at (a) an opportunity to train and qualify in a trade required in his new corps, etc. The foregoing concession will not apply to a soldier whose transfer is made on personal grounds. In such a case, the continued eligibility for tradesmen's rates of pay will be dependent on the existence of a vacancy in his trade in the new corps into which he can be absorbed.

A.O. 137
1940
continued

8. In cases where the revision of war establishments results in tradesmen becoming surplus to the revised establishment for their trades, and they are not compulsorily transferred as in para. 7 above, they will, if desirous, be given an opportunity of qualifying in a trade in which there are vacancies, or in which vacancies may be expected to occur, and will be permitted to retain their tradesmen's rates of pay until qualified and mustered into a vacancy in such new trades, or until the expiry of six months, whichever is the earlier. If a man is not desirous of receiving training in another trade, he may be permitted to retain his tradesman's rate of pay for a period not exceeding six months.

9. Personnel filling vacancies in the war establishments of infantry units for infantry pioneers will, for the duration of the war, be regarded as normal tradesmen mustered in their trades and will, subject to other general conditions applicable to tradesmen, be eligible to receive pay at the rates laid down for their trade in the Pay Warrant, 1940, Article 838, for every day during which they remain mustered as tradesmen.

10. In the case of trade tests for which a 1st Class or 2nd Class Certificate of Education is required as part of the requisite qualification, the following may, as a war measure, be accepted in lieu, where a candidate is not in possession of the army certificate or its normally accepted equivalent:—

1st Class Certificate.

- (a) *English*—ability to write an essay; to extract a précis; to appreciate common errors and their correction; style and powers of expression and evidence of a wide reading to be considered in assessing a standard of 50 per cent. to pass.

A.O. 137
1940
continued

- (b) *Mathematics*—knowledge of approximation and contracted methods; use and application of graphs to illustrate problems; simple exercises involving rectangles, triangles and circles, including areas.
- (c) *Geography*—knowledge of the distribution of land and water; factors of climate, vegetation, temperature, wind and rainfall; social and economic problems in relation to regions; setting of maps, enlarging; application of the grid systems; together with a knowledge of conventional signs found on ordnance survey maps.

The C.O. will satisfy himself regarding the candidate's qualifications by oral questioning and, so far as he considers necessary, by an actual test.

2nd Class Certificate.

Ability to pass in dictation, spelling and composition of a business letter, together with a standard of 50 per cent. in a test on simple proportion, simple interest, practice, simple accounts, fractions and the metric system. The C.O. will satisfy himself regarding the candidate's qualifications by oral questioning and, so far as he considers necessary, by an actual test.

War Pay

The following conditions will govern the grant, continuance of issue, forfeiture and resumption of War Pay during the period of the present hostilities:—

1. The emolument will be granted initially with effect from 31st August, 1940, to all soldiers (except apprentice tradesmen and other enlisted boys) in receipt of pay under the scales laid down for soldiers in the Pay Warrant, 1940, Articles 829, 833, 838, 839, 955, 958, 965 and 994 to 1,000.

* Army Order 108 of 1940.

2. The emolument will be issuable in addition to **A.O. 161**
 any rates of pay (including increments of pay, **1940**
 additional pay, proficiency pay, and long service *continued*
 and good conduct pay) admissible under the pro-
 visions of the Pay Warrant, 1940.

3. *Allotments of Pay.*

It is not the intention that any part of War Pay shall be payable by a soldier as qualifying allotment issuable in augmentation of Family Allowance or Special Dependants' Allowance or as contributory allotment within the total of ordinary Dependants' Allowance.

In the revised tables of such allotments published in Parts II and III, respectively, of this Schedule, the gross daily rates of pay governing the various rates of allotments have for purposes of administrative convenience been increased by, and include, the amounts of 6*d.* on account of War Pay in the case of soldiers in receipt of British rates of pay, and 4*d.* a day in the case of soldiers in receipt of pay as laid down in the Pay Warrant, 1940, Articles 833 and 839. It will be noted, however, that the rates of allotments are in fact maintained at the levels previously obtainable in respect of pay, increments and other reckonable emoluments, exclusive of War Pay.

Voluntary allotments of War Pay may, however, be made by a soldier under the same conditions as apply to pay.

4. *Compulsory stoppages.*

For the purposes of assessment of compulsory stoppages under Sections 138 (8) and 145 of the Army Act, however, the grant of War Pay will, to that extent, increase the maximum stoppages permissible from the soldier's pay. War Pay will thus be regarded as "pay" for the purposes of the footnote in the Pay Warrant, 1940, Appx. V, page 411.

5. *General Conditions of Issue, etc.*

War Pay will be credited automatically to the accounts of all soldiers concerned, by command, regimental or area paymasters, and company, etc.,

A.O. 161 commanders will increase cash payments accordingly from the first pay day after 31st August, 1940, except where compulsory stoppages or voluntary allotments preclude such issue in whole or in part.
1940
continued

6. Except as provided in paragraph 3 above, the issue and continuance of Army Pay will be governed by the same conditions as are applicable to pay. Thus, issues of the emolument will continue while full pay is in issue and the conditions governing the forfeiture and resumption of pay as laid down in the Pay Warrant, 1940, will apply also to War Pay.

PART II

Qualifying Allotment in Augmentation of Family Allowance or Special Dependants' Allowance

For the period of the present hostilities the provisions of the Pay Warrant, 1940, Articles 949 to 951, will be suspended with effect from 31st August, 1940, and the following provisions substituted:—

1.* When family allowance is payable to the wife or special dependant living with the soldier as his wife, a qualifying allotment shall be deducted from the soldier's pay at the following daily rates and issued in augmentation of the allowance:—

	<i>s.</i>	<i>d.</i>
Warrant officers, Classes I and II ...	4	0
Warrant officers, Class III; serjeants, and non-commissioned officers of higher rank than serjeant ...	3	0
Soldiers below the rank of serjeant whose daily rate of pay is 3 <i>s.</i> 6 <i>d.</i> or more ...	2	0
Soldiers below the rank of serjeant whose daily rate of pay is not less than 3 <i>s.</i> 0 <i>d.</i> but is less than 3 <i>s.</i> 6 <i>d.</i> ...	1	6
Soldiers below the rank of serjeant whose daily rate of pay is not less than 2 <i>s.</i> 6 <i>d.</i> but is less than 3 <i>s.</i> 0 <i>d.</i> ...	1	0

† Where family allowance is not issuable in A.O. 161
 respect of the soldier's wife or the soldier is a 1940
 widower and the allowance is issuable to a *continued*
 guardian or guardians in respect of a child or
 children, an allotment at a rate not exceeding
 the daily rate appropriate to the soldier's rank or
 rate of pay as specified above shall be deducted
 from the soldier's pay and issued to the guardian or
 guardians in augmentation of the allowance.

2. Paragraph 1 shall not apply in the case of—
 Soldiers of the Royal Malta Artillery.
 Soldiers of the Maltese Section, Fortress Com-
 pany, Royal Engineers, Malta.
 Soldiers of the King's Own Malta Regiment.
 Maltese soldiers serving in British units.
 Other soldiers to whom this paragraph may here-
 inafter be extended by Our Army Council.

When a soldier of one of the units specified in
 this paragraph is eligible for family allowance, a
 qualifying allotment at the rates set forth below
 shall be deducted from his pay and issued to the
 family in augmentation of the family allowance.

Such stoppages shall be made for every day
 for which family allowance is drawn.

Rank	Allotment in respect of wife and or children
Warrant officers, Classes I and II [...]	s. d.
Serjeants, and non-commissioned officers of higher rank than serjeant ...	2 0 a day
Soldiers below the rank of serjeant whose daily rate of pay is more than 1s. 10d. ...	1 6 "
Soldiers below the rank of serjeant whose daily rate of pay is 1s. 10d. ...	1 0 "
Soldiers below the rank of serjeant whose daily rate of pay is less than 1s. 10d. ...	0 10½ "
	0 9 "

In the case of the Bermuda Militia Artillery
 and all other soldiers in receipt of the same rates
 of pay as for British units, the stoppages shall be
 at the rates laid down in paragraph 1.

3. § Should a soldier liable to the qualifying
 allotments specified in paragraph 1 forfeit his pay,
 the allotments which may not be recoverable for
 the days on which pay is so forfeited shall remain

A.O. 161 as a charge against him, and be recoverable from
1940 any pay, additional pay or other army emolu-
continued ments to which he may afterwards become
entitled.

PART III

Contributory Allotment in respect of Ordinary Dependants' Allowance

Soldier's rate of pay a day*.	Rate of contributory allotment.	
	s.	d.
2s. 6d. but less than 3s. 0d.	1	0
3s. 0d. " " " 3s. 6d.	1	3
3s. 6d. " " " 5s. 6d.	1	6
5s. 6d. but not exceeding 7s. 6d.	1	9
Exceeding 7s. 6d. but not exceeding 8s. 6d.	2	0
Exceeding 8s. 6d. but not exceeding 10s. 6d.	2	6
Exceeding 10s. 6d. but not exceeding 11s. 6d.	3	0
Exceeding 11s. 6d.	4	0

The above scale will be subject to the provision that in no circumstances will an increase of pay involve a larger increase in the rate of contributory allotment. Where necessary, in order to obviate this, an increased rate of allotment under this scale will be put into effect by stages as increases in the soldier's pay make this possible.

PART IV

PAY WARRANT, 1940, AMENDMENTS NO. 19

Family Allowance

Suspend Articles 949-951 and Army Council's instructions thereto, other than Appendix V.

PART V

Army Dependants' Allowance

Cancel the scale in paragraph 7A of the Regulations for Dependants' Allowance in time of National Emergency, as promulgated by Our Warrant* dated 9th May, 1940, as amended by Our Warrant† dated 6th July 1940.

* Army Order 70 of 1940.

† Army Order 108 of 1940.

*Army Council's instructions to Part II of the Schedule.***A.O. 161****1940***continued*

r.* For the purposes of this paragraph, the expressions "pay" and "daily rate of pay" mean the pay, including increases (if any) after specified periods, to which the soldier during his colour service is entitled by reason of his rank, appointment, or trade classification, and proficiency and War Pay, but not additional emoluments that may be drawn casually.

† The paymaster will issue, for one child, family allowance with half the allotment applicable to the soldier's rank and rate of pay under the scale laid down in para. 1; for two children family allowance with three-fourths of that allotment, and for more than two children family allowance with the full rate of allotment, except that in the case of two children where the family allowance together with three-fourths of the allotment does not meet the guardian's needs, the full allotment under para. 1 will be issued. When the family consists of more than one child and there is more than one guardian, the children will rank equally for the purpose of dividing the allotment and family allowance.

3.§ This regulation is made under Section 140 (1) of the Army Act.

Army Council's instruction to Part III of the Schedule

*As defined in connexion with qualifying allotments for family allowance in para. 1 of the Army Council's instructions to Part II of the Schedule.

Army Council's instructions to Part IV of the Schedule

References in the Pay Warrant, 1940, Appx. V and elsewhere to Articles 949, 950 or 951 of that Warrant, will, during the suspension of these Articles be construed as referring to paras. 1, 2 or 3 (as the case may be) of Part II of the Schedule.

2. Officers of the Training Corps may belong to any of the following classes:—

- (a) Officers already on the General List, Territorial Army, for service with the Officers Training Corps.
- (b) Officers of the Regular Army Reserve of Officers, Territorial Army Reserve of Officers, and Supplementary Reserve who, on account of age, for medical reasons or by agreement, are released from their military commitments, and retired regular officers not re-employed.
- (c) Ex-officers of His Majesty's Forces.
- (d) Gentlemen at present acting as officers in an unofficial capacity with the Officers Training Corps.

- (f) Officers of the Royal Army Medical Corps (Territorial Army) and Royal Army Ordnance Corps (Territorial Army) will be

appointed as supernumerary to the establishment of units of their arm to fill vacancies on the establishment of the Training Corps.

3. As officers of Section "A" (affiliated to a Regular Unit) have all been called up, there now remain in the General List, Territorial Army, for service with the Training Corps, Sections "B" and "C" and to these will be added a new group—Section "D".

(i) Officers of Section "B" are fit for General Service. It is expected that officers of this Section will have been called up by 1st January, 1941.

(ii) Officers of Section "C" must be at least fit for Home Service. Section "C" will include officers who on mobilization were selected by vice-chancellors/principals and headmasters to be retained for duty with their contingents. Any officer of this Section is liable to be called up and transferred to the Active List, should the exigencies of the Service demand. In that event, arrangements will, if possible, be made for calling up to coincide with the completion of a university or school term and for notice to be given during the preceding term.

(iii) Officers of Section "D" must at least be fit enough to discharge their duties with the Training Corps. This Section will comprise classes (b), (c), (d) and (e) enumerated in paragraph 2 above and, with the exception of officers of the Territorial Army Reserve of Officers (who will be transferred), they will be appointed to commissions on the General List, Territorial Army, in the rank of second-lieutenant or, if qualified, in the rank of lieutenant, their liability whilst remaining in this Section being restricted to service with the Training Corps for the duration of the war. Officers of Section "D" will, however, be liable for transfer to Section "C". Such transfers will be at the discretion of the Army Council and will be effected only if the public interest demands that the officers concerned should be called up for active duty. When they are actually called up for active duty, officers having a reserve liability will relinquish (officers of the Territorial Army Reserve of Officers will be re-transferred) their commissions on the Territorial Army, General List, thus reverting to their former status.

Appointment.

continued

4. Recommendations for the appointment of gentlemen desirous of being appointed to commissions on the General List, Territorial Army, for service with the Training Corps, will be submitted on A.F. E 536, by the O.C. the contingent, after consultation with the vice-chancellor/principal of the university or headmaster of the school concerned, direct to the Under-Secretary of State (M.T. 4.(b)), War Office, for submission to the Army Council and not, as is implied by Section VII, VIII and X of the Army Form, through G.Os.C.-in-C. of Commands. A written statement from the vice-chancellor/principal or headmaster to the effect that he has no objection to the appointment applied for will accompany A.F. E 536. A copy of the birth or baptismal certificate of the candidate, except where he has formerly held a commission in the Army, will be enclosed.

5. For the purpose of these appointments, Section "D" will invariably be included in the entry against para. 1 of A.F. E 536. Section III of the form will not be completed.

Medical Standard.

6. The standard of medical fitness will be Category A or B of A.C.I. 565 of 1940. In interpreting the latter category, medical officers will bear in mind that officers of Section "D" will be required to undertake duties only with their contingents of the Training Corps at Home.

Promotion.

7. Promotion from second-lieutenant to lieutenant will be in accordance with the provisions of Territorial Army Regulations, 1936, para. 113.

All other promotions will be to higher acting rank within approved establishment.

8. Cadets who are undergraduates or still at school are not eligible for appointment.

9. Gentlemen granted commissions for service with the Training Corps who have not previously served as officers will be granted an outfit allowance of £15, subject to the completion of an undertaking on A.F. O 1671 to serve for not less than three years

A.O. 167 if so required. Where an officer has had previous service, the grant will be subject to the conditions applicable to gentlemen granted commissions in the Territorial Army in peace, who have had previous commissioned service. Training of the Royal Army Ordnance Corps. A.O. 205

—Military and technical training of the Royal Army Ordnance Corps will, in future, be the responsibility of the General Staff.

In consequence of this change, an Inspector, Royal Army Ordnance Corps, and an Inspector (E), Royal Army Ordnance Corps, have been appointed, who will report on military and technical training to the Chief of the Imperial General Staff (through the Director of Military Training) regarding the training for war of the Royal Army Ordnance Corps.

Discontinuance of wearing of uniform by retired officers, officers of the Reserve and Auxiliary Forces not employed on Army service, ex-officers, and ex-warrant and ex-non-commissioned officers.—(1) Since, in the

(2) No retired officer, member of the Regular Army Reserve of Officers or Supplementary Reserve of Officers, officer of the Militia or Territorial Army (including Territorial Army Reserve of Officers), ex-officer, ex-warrant officer or ex-non-commissioned officer, therefore, unless he is either himself subject to military law (and in the case of an officer of the Militia or Territorial Army has been recalled to army service or embodied) or is employed on military service under the immediate orders of an officer so subject, will be permitted to wear uniform.
